

SDG GOAL 10

REDUCED INEQUALITIES

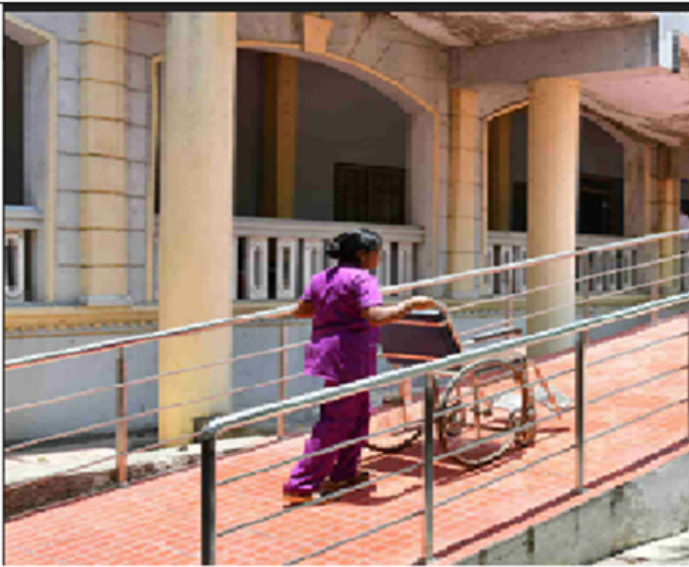

Disability support services

Sri Sairam Engineering College makes barrier free design for safe, convenient, comfortable and readily accessible environment for all individual without any assistance during their stay in the college .We provide

- Separate parking for challenged people .
- Wheel chair near parking slot.
- Ramp with no sliding tiles.
- Electric Vehicle to pick up near the parking slot this can be used to go to any block from the parking slot.
- Lift facilities for connecting all blocks & floors.
- Entire campus is well connected to all blocks in each floor with wide veranda for easy access.
- Wash rooms with wide entrance grab bars , flesh control and hand spray to have self access to Physically changed people both in college & hostels.
- **Half an hour extra time will be provided for physically disabled students during examination.**

These facilities help physically challenged, low vision people and pregnant ladies and temporarily disabled to have independent access during this stay in our campus.

FACILITIES FOR PHYSICALLY CHALLENGED STUDENTS
