- 3) Take a Pledge to initiate one "Green Action"
- 4) Switch off the light for 2 mins and take a snap of it
- 5) Promote water conversation to two members
- 6) Promote energy conversation to two members
- 7) Plant one sapling
- 8) Cycle for 10 kilometre
- 9) Talk for 2 minutes on your Green Action implementation
- 10) Take a Selfie with one Green contributor
- 11) Take a two minute interview video with Green contributor
- 12) Other than these, any Green Action of your own is welcomed

ENERGY SAVING AWARENESS CLUB OF SRI SAIRAM ENGINEERING COLLEGE

ENSAV Club of Sri Sairam Engineering College in Association with Institute Of Green Engineers (IGEN) has conducted an awareness program to celebrate the Green Day on 21-10-2022 (Friday) & 22-10-2022 (Saturday).

Our students conducted various awareness for the welfare of the environment. Our programs are mainly focused on the individuals action towards Saving Energy and Environment. The following are the programs we conducted by our college.

Our 20+ members are participated in the event and made the program successful

Theosophical Society Adyar

We made our students plant sampling and turn off the switches which are not in use in and around their locality and they were asked to post their volunteering activities in social media handles. Walk for a kilometer and remove the plastics near by them is one of the single action celebration agenda.

Our Club members curiously participated in activity and made their level best to reach the event high.
