About **TED**

TED is a global foundation devoted to Ideas Worth Spreading. It began in 1984 as a conference focused on Technology, Entertainment, and Design. Each year, TED invites leading thinkers and doers to deliver talks of up to 18 minutes, which are shared for free on TED.com. The talks cover a wide range of topics including science, education, business, culture, and global issues, aiming to inspire people and spark meaningful conversations. TEDx has hosted distinguished speakers including Bill Gates, Jane Goodall, Al Gore, and many others

About **TED**^X

TEDx was created to extend TED's reach by empowering local communities to host independent events. The program enables organizations and individuals to create TED-like experiences that encourage dialogue and collaboration at the grassroots level. TEDx events are independently planned and coordinated, reflecting the unique voices and issues of their communities.Organized by passionate volunteers, these events are non-commercial and non-political, driven solely by a belief in the power of ideas to inspire change and innovation. TEDx creates space for diverse voices, shared learning, and community-driven conversations on local stages.

About Sri Sairam Engineering College, Chennai

Sri Sairam Engineering College is a premier institution committed to excellence in technical education. The college emphasizes academic rigor, innovation, and holistic student development, offering a strong foundation in engineering and technology.It promotes ethical values, leadership skills, and social responsibility alongside professional competence. With a focus on industry relevance, research, and experiential learning, the institution encourages creativity, critical thinking, and lifelong learning. As a host for major academic and intellectual events, the college provides a dynamic environment that supports collaboration, organization, and the exchange of ideas, reflecting its commitment to learning beyond the classroom.

About TEDxSriSairamEngineeringCollege

TEDxSriSairamEngineeringCollege is a platform where ideas meet action. Our independently organized event brings together innovators, visionaries, and changemakers to share stories of commitment, creativity, and impact. Speakers from diverse fields including technology, arts, entrepreneurship, social initiatives, and education offer fresh perspectives and inspiring journeys that highlight how purposeful efforts can transform communities. We create an environment that sparks curiosity, encourages exploration, and nurtures leadership, creativity, and collaboration. It also inspires reflection on personal goals, promotes open-minded thinking, and provides opportunities to connect with like-minded individuals.More than talks, it fosters dialogue, connection, and learning, inspiring attendees to engage with ideas, take initiative, and discover the potential within themselves to make a meaningful difference.
